Outdoor	Section 8	77-83
Outdoor Table Tops	Section 9	84
Services:		
Banquette Seating	Section 10	85
Interior Design	Section 11	86-87

Introduction

Forest Contract specialise in the manufacture and supply of quality contract furniture to the care leisure and hospitality markets.

Operating from two large factories based in Manchester & Blackburn, we have over 50 years' experience in furniture manufacture. Our experienced team work together to source, manufacture and hand finish each upholstered product, providing our customers with the best level of service and premium UK-made furniture.

We appreciate the importance of safety and durability which is why all our products meet or surpass the BS5852 and CRIB5 Fire & Safety standards with certificates available upon request.

Pricing Explained

Our price list includes a COM option (customer's own material). This option is available for clients who wish to send their own fabric in to us for upholstery. If you have a heavy pattern repeated fabric or real leather, please advise our sales team as this may increase material requirements.

Alternatively, we can provide a wide array of contract suitable fabrics & leathers which fit into the following groupings:

Services

Forest Contract offer a range of services tailored to suit individual client needs. From site surveys and interior design, to bespoke manufacturing and full site installations, we can work with you to meet your requirements. In addition to furniture manufacture-we source & install carpets, lighting, drapery & decoration.

Choose to work with us and benefit from:

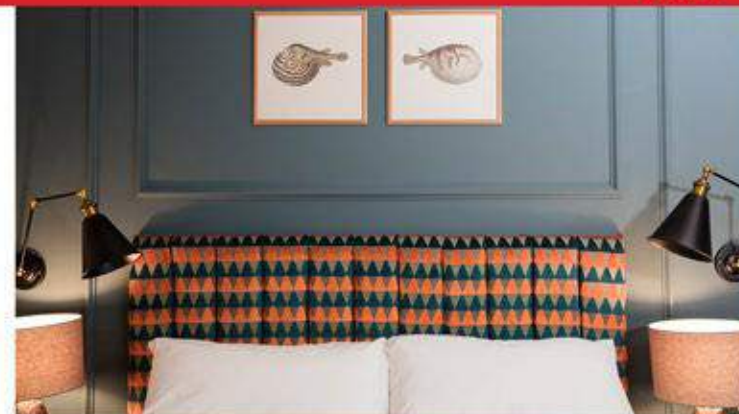

- A single dedicated and experienced point of contact from concept through to completion
- An almost unlimited combination of fabrics & finishes to create a truly unique look for your venue
- Bespoke manufacturing capabilities (minimum orders apply) to create furniture exactly to your design specification, examples include case goods, bespoke chairs, unique carpets & wallpapers
- Individually hand made products manufactured in our British factories
- Interior design and floor plan assistance - a full interior design service from 2D floor plans to 3D renders
- All products meeting or exceeding CRIB5/BS5852 standards for contract use

In addition to the above, Forest Contract offer a comprehensive after care service. All our products are subject to a minimum 1-year manufacturer's guarantee on frames & upholstery.

Terms & Conditions

All images and dimensions given in our price list, website and any other literature are approximate and intended for general guidance purposes only. Because of our continual development policy, we reserve the right to amend design specifications without prior notice. Where required, please confirm critical details with a member of staff before ordering.

Our standard payment terms are pro-forma for initial orders, 50% deposit with 50% balance payment upon completion, pre-delivery. 30-day credit cover facilities are available after an initial pro-forma order and are subject to status pending further checks.

Solid Ash Table Tops

A premium quality product, our solid ash table tops combine real solid wood with a stain or finish of your choice. Tops come with a square edge profile as standard, however other edging options and table sizes are available bespoke on request. Table tops orders will be supplied disassembled from bases when ordered together, to aid with shipping.

1800mm x 900mm

Standard Stain & AC Lacquer

Choose from a range of over 20 stains. The stain will be sprayed directly on to the raw wood and sealed with AC lacquer for durability.

V Groove Finish

A series of grooves pressed into the wood surface to create the effect of "planks". Does not affect colour finish.

Physically Beaten

The top is physically beaten & scratched to achieve a worn/aged finish.

Bandsawn

A sawn textured finish applied by industrial band saw. Notable for the authentic look.

Black Patina

Giving a more industrial look as the grain of the wood is darkened & emphasized.

White Patina

A white finish applied to the table top to give an improved appearance and grain.

Ash Veneer Table Tops

Offering the look of a solid wood table top, but at a fraction of the cost. Manufactured from an MDF core with a bonded ash veneer surface. These tops can be stained in a variety of colours. Edging detail is polished MDF as standard, with a hardwood edge option to quote on request.

Standard Stain & AC Lacquer

Choose from a range of over 20 stains. The stain will be sprayed directly on to the raw wood and sealed with AC lacquer for durability.

In addition to the standard options in this brochure, we can also accommodate bespoke sizing & edging. Other wood grains are available including beech, walnut and oak for both veneer and solid tops. Speak to a member of the sales team today for more information

Laminated MDF Table Tops

With a staggering amount of choice on finishes-Laminated MDF table tops are durable & heat resistant. These tops are produced with an MDF polished matched edge as standard. Edges can also be finished in matching laminate with an ABS/PVC seal to guard corners. (additional charges may apply)

Solid Surface/Faux Marble Table Tops

Available in different edge profiles and with or without a bonded sub frame. Solid surface faux offers an excellent contract-standard alternative to natural marble table tops with a customisable finish. Built to last in a commercial environment, these tops are non-porous meaning splits and stains are not a concern.

Banquette/Fixed Seating

Buttoned, bolster, plain and head roll back types shown. Many more available including fluted & panelled.

Priced per metre, our fixed seating is made to order, meaning you can specify every dimension as required to ensure that it is perfect for your venue. The above prices are an indicative cost based on a 900mm tall unit, 600mm deep with a seat height of 450mm. If you'd like to modify these dimensions or the seating style in any way, please contact a member of the sales team and they will provide you with a bespoke quote. To allow us to accurately quote & produce the furniture, a floor plan or site measurements to be provided or taken before entering the production stage. During this confirmation process we'll also finalise all capping, radiator grille, kicker board and back panel choices with you.

Interior Design

Our team are passionate about delivering a space that clients can be proud of. Our contract design service is uniquely tailored to suit each client's venue and budget. We choose a modular approach for each project, meaning clients get the help they most need and ideas put forward are the most relevant for the venue.

FULL CONSULTATION PROCESS

An initial in-depth meeting to understand your site, budget and project aims, as well as better understand your organisation's brand personality.

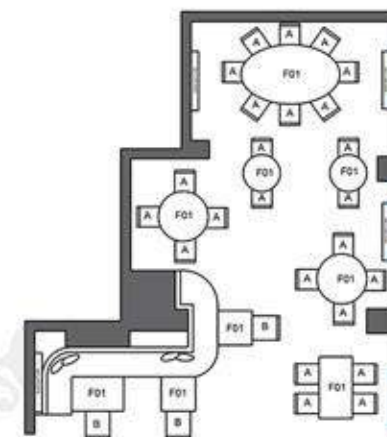

Following from this, if required a site measure to ensure accuracy of floor plans.

CONCEPT DESIGNS

A presentation of initial concept with design intent and opportunity for feedback.

The production of a moodboard: fabrics, wall finishes, colour ways displayed physically. 2D general arrangements of suggested furniture placement.

DESIGN DEVELOPMENT

Bring designs to life by allowing us to render your venue in 3D. See how the finishes and furniture will transform the venue.

Following from this, final quotation of works including value engineering to ensure that the best possible design and budget marry up.

IMPLEMENTATION/MANAGEMENT

Finally, it's time to progress to the project manufacture & install.

A dedicated point of contact from our sales team will project manage your build, producing a schedule of works & lead times. We will manage contractors on your behalf, so you can relax while the venue transformation begins.

Interior Design

We appreciate that every project will be different, therefore we don't offer a "standard" pricing structure for our design services.

We believe in offering the best value for money and the most relevant design solution to every job we work on. As each venue can vary in size, shape, requirements and timescale, we quote design jobs on a price on application basis. Contact a member of our sales team today to discuss your options.

SILVER PACKAGE

An ideal mid-point between a complete overhaul and a venue refurbishment.

- Digital mood board of design intent, inspirational images & colour scheme suggestion.
- Physical mood board including samples of finishes.
- 2D general arrangement.
- Costing consultation to ensure works are completed to budget.
- Follow-up showroom design meeting to discuss intended design options.
- 1 set of client amends to tweak any of the design choices

GOLD PACKAGE

Our full recommended design package. Perfect for a new built venue or a full redesign.

You can expect a full turnkey solution containing:

- Help with decoration, furniture choices, lighting, flooring, drapery & full project management of works.
- A site visit to take laser-measurements.
- Mood board(s) of designs & samples.
- 2D general arrangements, RCP, technical drawings.
- 3D render of intended final designs. (2 included, extras POA.)
- Costing consultation to ensure works are completed to budget.
- Follow-up showroom design meeting to discuss intended design options.
- 1 set of client amends to tweak any of the design choices

BRONZE PACKAGE

Our most effective entry level design package.

Ideal for an existing venue looking to freshen up interior design choices and take inspiration.

Benefit from the following:

- Digital mood board of design intent, inspirational images & colour scheme suggestions
- Hand sketched general arrangements and suggested furniture placement.
- Costing consultation to ensure works are completed to budget.
- Follow-up showroom design meeting to discuss intended design options.
