PRICING & LEAD TIMES EXPLAINED

Our price lists includes a COM (customers own material) option, this is for those clients who wish to send in their own fabric to us for upholstery. Range A - House Faux Leather

Range B - Standard Faux Leather / House Fabric

Range C - Standard Fabric / Standard Real Leather

Range D - Premium Fabric / Vintage Real Leather

Range E - Deluxe Fabric / Premium Real Leather

Lead times may differ at different times of the year, please speak to sales to confirm current lead times. Please look out for the keys demonstrated as lead times may differ on the products.

DEVELOPMENT PROCESS

Bring the design to life by rendering your venue in 3D, giving you an opportunity to see your venue transform. Following this, a final quotation of works including value engineering to ensure that the best possible design and budget marry up.

IMPLEMENTATION/MANAGEMENT

It's time to progress to the project manufacture & install. A dedicated point of contact from our sales team will manage your build, producing a schedule of works & lead times. We will manage contractors on your behalf, so you can relax while the venue transformation begins.

FOUR

INTERIOR DESIGN

We appreciate that every project will be different, therefore, we don't offer a "standard" price for our design services. We believe in offering the best value for money and the most relevant design solution to every project we work on. Standard Stain & AC Lacquer
This stain will be sprayed directly onto the raw wood and sealed with AC Lacquer for durability.

In addition to the standard options in this brochure, we can also accomodate bespoke sizing & edging. Other wood grains are available including beech, walnut and oak for both veneer and solid tops. Speak to a member of the sales team for more information.

LAMINATED MDF TABLE TOPS

With a staggering amount of choice on finishes - Laminated MDF table tops are durable and heat resistant. These tops are produced with an ABS/PVC edge as standard. Edges can be finished in matching laminate with an ABS/PVC seal to guard corners (additional charges may apply).
